

Help & Support In Mendip – Winter 2021/22

We know that so many people in our community are already joining together to provide support to one another. Some things that might help this winter: stay connected, keep moving and eat well, do something enjoyable every day, help each other and reach out when things are tough. We hope the information below is helpful to you and those around you. Due to the pandemic some of these groups and services may have adjusted what they are able to offer.

Health Connections Mendip

Health Connectors are part of your GP practice team. We can offer you one-to-one support to improve your health and wellbeing by working with you to set goals and make a plan that is based on what matters to you. We run Talking Cafes, healthy lifestyles sessions and training such as becoming a Community Connector. There is also a list of support and resources on our website. Visit our website or contact us to discuss what kind of support/information you might want and what matters to you.
