Have your say about NHS & social care services in Somerset

Somerset's Clinical Commissioning Group, Somerset County Council and other partners have joined together to shape a more sustainable health and social care service model that's fit for the future. They are seeking your views about areas such as living with a longterm condition, services for older people, mental health services, cancer treatment and maternity care. You can book to attend an event at Shape Mendip, in Shepton Mallet on 15 Nov from 10am - 2pm or complete an online survey. Find out more via fitformyfuture.org.uk

Do you have any skills you would like to share with the Shepton community? Or would you like to learn new skills? The project has opportunities for volunteers of all ages to assist during drop in sessions and creative work shops. There are lots of events happening at the Art Bank including spoken performances by local poets and writers, reggae, folk and dance nights, clothes swaps and environmental talks.
